

Anti-static Peel Off Covers for Lights - 24" x 24" - Overspray Protection - Paint Spray ApplicationsPart #: [EPL-24X24-PC](#)

The Larson Electronics EPL-24X24-PC is an Anti-static Peel Off Cover Set for Lights, which is suitable for overspray protection, tank maintenance, industrial painting applications and sand blasting. The frosted white cover measures 24" x 24" and is constructed of mylar, with a 500F temperature rating. This package comes with a total of five peel-off covers.

The EPL-24X24-PC is a peel-off cover that is designed to protect 2x2 lights from overspray, small stones, sand and debris. This adhesive cover measures 24" x 24" and features a 500F temperature rating. To use the anti-static cover, operators simply separate the cover from the white strip, which protects its adhesive properties. Applying the peel-off cover can be done by firmly pressing the film on the lens (sticky side). The frosted-white cover is easily removable by hand after use and does not require special tools.

Applications: Overspray protection, paint spray booths, lights, explosion proof lights, sand blasting, tank cleaning/painting, coating applications and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories.
