EXC-5-8.4.TW-30A-L16.30P-CS8164C

5' 8/4 Type-W Twist Lock Extension Power Cord - L16-30P to CS8164C - 480V - 30 Amp Rated Continual

Product ID: 154633

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-5-8.4.TW-30A-L16.30P-CS8164C - 5` 8/4 Type-W L16-30 30A Extension Cord

Male Cord Cap: L16-30P

Female Cord Cap: CS8164C

Voltage Rating: 480V
Max Amp Rating: 30A

Cable Type: 8/4 Type-W

Cable Length: 5`

Weight 40 lbs

Made in the USA

The EXC-5-8.4.TW-30A-L16.30P-CS8164C from Larson Electronics is a 5 Foot 8/4 Type-W Twist Lock Extension Power Cord that is designed for 480V 3-phase indoor and outdoor applications. This rugged extension cord is constructed of 8-gauge 4-conductor wire, equipped with 30-amp rated L16-30 male and California Standard 50-amp rated CS8164C female twist lock cord caps and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-5-8.4.TW-30A-L16.30P-CS8164C twist lock extension cord provides a safe and effective way for operators to extend 480V and power a variety of

devices for plant maintenance, power generators, transformers, power distribution substations, construction and other temporary applications. 5 feet of chemical and abrasion resistant flexible Type-W cord 8/4 Type-W cable is terminated in male NEMA L16-30P, 30 amp rated, outdoor approved twist lock cord cap for connecting to L16-30R receptacles. The opposite end is terminated in a California Standard 50 amp rated female CS8164C connector. This allows operatores to power equipment with male CS8165C plugs from L16-30R receptacles.
****Please note, this extension cord is rated for a maximum of 30-amps of continual service. Devices plugged into this cord must operate at 30 amps or below on 480V.****
Applications: This twist lock extension cord is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extension cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.
Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
