990-MB Acro 990X HID Flashlight Magnetic Base

Product ID: 161

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Acro 990 Spotlight Magnetic Base with 150 pounds of magnetic grip. The magnetic base is composed of 2 parts, including the 3.75 inch diameter magnet and a laser cut, powder coated steel plate. The magnet is attached to the steel plate. 4 screws come with the magnetic base to attach it to the base of the 990X HID flashlight. The magnetic base attaches to either the battery or vehicle adapter of the Acro 990X HID flashlight.
