HUL-18

6 Million Candlepower Spotlight with Handle - 800' Long x 65' Wide Spot Beam - 12 / 24 Volts DC

Product ID: 1711

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

HUL-18 Spotlight

Lamp Type: Halogen Tungsten D2 base bulb
Dimensions: 10" High 5.5" Diam 4.25" Depth
Weight: 1.2 Lbs
Watts: 100 watts
Voltage: 12 or 24 VDC
Beam: 800-L x 65-W
Lamp Output: 6 Million Candlepower
Wiring: 16` Coil Cord with Cigarette Plug
IP Rating: IP67 Waterproof
Light Color: White
Vibration tolerance: 8.6G RMS
Mounting: Hand-held Portable
Operating Temp: -40° C to 105°C

The Larson Electronics HUL-18 Spotlight is a rugged and effective spotlight designed to provide users with a powerful, durable, and easy to use source of reliable light. This spotlight has a 100 watt halogen bulb which produces a light beam approximately 800’ long by 65’ wide. This spotlight includes a detachable 16 foot coil cord with cigarette plug for convenient connection to vehicles and equipment.

This durable and weatherproof spotlight is ruggedly designed to withstand heavy duty use and includes a 16 foot coil cord and cigarette plug adapter to allow connection to any vehicle or ATV equipped with a cigarette plug. This light contains a single 100 watt halogen bulb paired with a precision aluminum reflector and borosilicate hardened glass lens to produce a powerful 800 lumen, 6 million candlepower light beam that reaches 800 feet in length and 65 feet in width. This beam is strong enough to allow operators to read signs, license plates, addresses and other similar markings at the far end of its total range.
This spotlight is built for durability and comfort with an impact resistant housing, an ergonomically designed 5 inch tall polycarbonate handle that matches the contours of your hand, and a light head that can be adjusted vertically. The 5.5 inch diameter lamp and reflector assembly is protected by a borosilicate hardened glass lens that is sealed against water and dust to provide an IP67 rating and weatherproof protection.
A simple on/off toggle switch is located on the side of the handle for easy operation and power options include 12 or 24 volt DC versions for use with most common vehicle, boat or ATV electrical systems. This spotlight is ideal for utility workers, sportsmen, industrial/commercial operators and anyone who needs a portable yet powerful and rugged source of illumination.

The image on the left shows a long, dark road similar to a long corridor, illuminated with nothing but moonlight. The image in the middle is the same road, now being illuminated with the HUL-18; The image on the right shows the HUL-18 illuminating a dark warehouse. This spotlight provides a tight, circular spotlight at several hundred feet.

Durability-Convenience: The HUL-18 Spotlight is constructed of impact resistant materials including a polycarbonate housing and handle. The lamp assembly contains an aluminum reflector and borosilicate hardened glass lens. The lamp assembly is sealed against water and dust and the entire unit is IP67 rated waterproof to 1 meter.
Each HUL-18 Spotlight comes with a detachable 16 foot coil cord with cigarette plug. The cord is detached via a weatherproof, 2 pin Deutsch connector which easily and securely attaches and detaches the coil cord from the spotlight. Other cords, including 21 foot cords with ring terminals (C-21RT), 16 foot cord with spring battery clamps (alligator clips) (C-16BC) and a 16 foot straight cord with cigarette plug (C-16CP) are available. This light can be ordered in either 12 volt or 24 volt configuration, allowing it to be used with any vehicle or ATV equipped with a cigarette plug. Choose voltage below when ordering.

16ft Coil Cord w/Cigarette Plug

21ft Cord with Ring Terminals

16ft Cord w/Battery Clamps

16ft Cord with Cigarette Plug

Versatility: The entire unit weighs only 1.2 lbs. The light head is mounted to the handle with an adjustable hinge that allows the head to be adjusted vertically. The five inch tall handle is ergonomically designed to fit the contours of your hand for a comfortable grip. This unit is ideal for utility work and hunting as well as military, security, and law enforcement use and any application that requires an extremely durable and effective source of portable illumination.

Note On Voltage: Most vehicles are 12 Volt DC. 24 Volts *DOES NOT* mean more power. Running a 24V light from a 12V power source will result in a very dim or non-functioning light, and may cause internal damage to the light as well. For common vehicle use, please order 12V.
