Acro 990 - Tripod Mounting Plate

Product ID: 1936

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Acro 990 Tripod Mount is a laser cut, powder coated steel plate that attaches to the bottom of the flashlights` battery or vehicle adapter. 4 screws come with the magnetic base to attach it to the base. This enables the Acro 990 to be attached to a tripod or other stud type mount.
