R-1 Replacement Flood Lamp for HML-1 and ML-1 Spotlights

Product ID: 20

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

his sealed, all-glass 35 watt lamp is specially designed to be a flood lamp rated at 28,000 candle power. Like the entire all-glass range, this lamp was designed and built for aircraft landing lights. This particular lamp is constructed with a trapezoidal lens that distributes the light across the work area without blinding the user. The life of this lamp is rated at 675 hours within a Larson Electronics. Replacements lamps are readily available through Larson Electronics and www.larsonelectronics.com.
