The MMP-F150-2007 is constructed in Texas from durable aluminum for the frame and brackets and steel for the mounting plate surface. This magnetic mounting plate has been designed for 2007 model year and newer Ford F-150 steel body pickup trucks and offers operators a sturdy and reliable platform to deploy magnetic mount lights of any type such as spotlights, strobes, beacons, hunting spotlights, signal lights, security lights and warning lights, on the top of their truck for optimal performance. The MMP-F150-2007 is installed via the rear cab lights and has a weatherproof seal on the back side for secure, dry installation and protection against scrapes to the body of the truck. The mounting plate requires absolutely no drilling for installation and is powder coated for added durability, can support up to 20 lbs and is offered in a black, white, or grey finish. The MMP-F150-2007 also features a windload okay for highway speeds. (User provided equipment may vary.)

**Installation:** The MMP-F150-2007 is easy to install and requires absolutely NO drilling. This magnetic mounting plate installs via the 3rd brake light on 2007 model year Ford F150 pickup trucks between the body of the truck cab and the light. Operators simply remove their 3rd brake light, position the mounting plate bracket and reinstall the light through the bracket.

Having a reverse camera in the 3rd brake light (NOT in the tailgate or bumper) will change the mounting bracket design. Those with a camera must choose the "camera" option in order to get the correct design. Please choose the appropriate option below.

**\*Please note that the MMP-F150-2007 is designed for trucks with incandescent 3rd brake lights ONLY. Operators with LED 3rd brake lights will require the [MMP-F150-2007-LED](#). Incandescent mounting plates and LED mounting plates are NOT interchangeable.\***

Aluminum Body is Not Magnetic

MMP-F150-2007 Steel Plate is Magnetic

**Applications:** Hunting, fishing, off-roading, property management, security, search and rescue, farming operations and any other applications for which a roof mounted spotlight is needed for 2007 model year Ford F150 steel body truck owners.
