

HDFL-BP-R-WR

Heavy Duty Portable Warning Light - Red Battery Powered Strobe - Visual Safety - Wireless Remote

Product ID: 223943

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

HDFL-BP-R-WR Strobing Beacon

Lamp Type: Strobe

Dimensions: 7.22" Width 11.22" Height 5.5" Depth

Lamp Weight: 2 lbs

Batteries: (2) 6-Volt DC Spring Terminal

Wiring: None- Battery Powered / Wireless Remote

Lighting Configuration: Strobing Flash

Features

100% Portable

Waterproof / Shock Resistant

Battery Powered

Strobe Operation

Red Lens

1 year warranty replacement on this LED light (or LED bulbs for light fixtures with removable LED bulbs). After 30 days, the customer ships the failed LED light and/or LED bulb to Larson Electronics at their expense. If the failure is a manufacturer defect, we will ship a new replacement to the customer. If failure occurs within 30 days of receipt, Larson Electronics will provide a return label via email to the customer. When the failed light is returned, we will ship a new replacement.

Made in the USA

The Larson Electronics HDFL-BP-R-WR Heavy Duty Signal Light is battery powered and provides visual warning when power is unavailable. This Beacon is 100% portable and provides a highly effective alternative to beacons that require wiring and special permanent mounting. This particular unit has a red lens and is activated via a wireless remote.

This beacon/warning/hazard light contains a lamp assembly that produces a brilliant signal that is visible over 1 mile away. This beacon is red in color and is 100% portable, with a weighted base, and battery operation that allows it to be operated wherever a powerful beacon is needed. With no need for wiring or external power sources, this light is ideal for applications where a signal light is needed on an occasional or temporary basis.

The durable polyethylene housing and polycarbonate lens is designed to provide high strength and visibility as well as versatile placement. Operation of this unit is controlled by a simple rocker switch located on the side of the housing.

Dimensions for this beacon are 7.22 inches in width by 11.12 inches high. This strobe flashes 65 times per minute, with power being supplied by two standard 6-Volt DC, spring terminal lantern batteries (not included). The durability, portability and high power of this LED beacon make it ideal for towing, trailers, security, work areas, roadside emergencies, warehouses, and anywhere a fast and simple beacon solution with plenty of power is needed.
