

LEDLB-xx-SP0122

Replacement Mounting Assembly for LEDLB Series Lights - Mounting Screw and Vibration Isolator

Product ID: 224446

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Replacement mounting bracket vibration isolator assembly for LEDLB series lights.

Includes: stud, nut, and cushion.

NOTE Multiple brackets may be required per light fixture depending on the side. e.g. LEDLB-24E uses two LEDLB-xx-SP0122 assemblies with a BKU-SS-112 bracket to hold them together, and the LEDLB-40E uses four LEDLB-xx-SP0122 assemblies with two BKU-SS-112 brackets.
