**EXC-50-10.3-30A-DSN60M-L6.30C**

# 50' 10/3 SOOW Twist Lock Extension Power Cord - Meltric 63-68073 30A to NEMA L6-30C - 250V - 30 Amp Rated Continual

**Product ID: 239671**

**Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).**

**Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.**

**EXC-50-10.3-30A-DSN60M-L6.30C - 100' 10/3 SOOW 30 A Extension Cord**

**Male Cord Cap: Meltric 63-68073 30A male plug w/ 713P0DP3 Handle**

**Female Cord Cap: NEMA L6-30C Receptacle with Handle**

**Voltage Rating:** 250 V
**Max Amp Rating:** 30 A
**Cable Type:** 10/3 SOOW
**Cable Length:** 50'
**Weight 160 lb**

## Made in the USA

**The EXC-50-10.3-30A-DSN60M-L6.30C from Larson Electronics is a 100 Foot 10/3 SOOW Twist Lock Extension Power Cord that is designed for 250 V 3-phase indoor and outdoor applications. This rugged extension cord is constructed of 10-gauge 3-conductor wire, equipped with a Meltric 63-68073 30A male plug with a 713P0DP3 Handle on the primary side and a NEMA L6-30C female connector, and allows operators to extend power to equipment when stationary outlets are not readily available.**

The EXC-50-10.3-30A-DSN60M-L6.30C twist lock extension cord provides a safe and effective way for operators to extend 250 V and power a variety of devices for plant maintenance, power generators, transformers, power distribution

substations, construction and other temporary applications. 50 feet of chemical and abrasion resistant flexible 10/3 SOOW cord cable is terminated in male Meltric 63-68073 30A male plug with a 713P0DP3 Handle. The opposite end is terminated in a NEMA L6-30C female connector.

****Please note, this extension cord is rated for a maximum of 30-amps of continual service. Devices plugged into this cord must operate at 30 amps or below on 250 V.****

**Applications:** This twist lock extension cord is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extension cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
