Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The CMLK-400A-FM-2.0TW-50-BCE-KT-5X from Larson Electronics is a Female Camlock Set for portable power distribution systems and temporary power applications. Each set contains five, 600V rated 400-amp female camlocks (black, red, blue, white and green). The single-pole camlocks extend to 50` and comes with a NEMA 3R rating.

The CMLK-400A-FM-2.0TW-50-BCE-KT-5X is designed for temporary power distribution systems in indoor and outdoor sites. This NEMA 3R rated unit features five camlocks (black, red, blue, white and green) with cables in a single set. The female camlocks are rated at 600V and 400 amps. This single-pole power distribution accessory measures 50 feet per cable and offers double set screw connections. The 2/0 Type W cable contains a blunt-cut end on the male side for customers to hardwire. The CMLK-400A-FM-2.0TW-50-BCE-KT-5X is constructed of santoprene TPV, copper wire and brass.

Applications: Temporary power distribution, industrial electrical, construction, welding, shipbuilding, repair, manufacturing, plant turnarounds, concerts, theme parks, convention centers and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
