Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The EPL-AEB-16.16.X-SP0003 from Larson Electronics is an aluminum mounting plate designed to mount within EPL-AEB-16.16 Explosion Proof Enclosures. This aluminum plate is CNC cut for precision fitment, comes uncoated (natural finish), and allows operators to mount equipment to this removeable pan prior to installing it within the EPL-AEB enclosure.
Suggested Applications: Mounting customer provided equipment within mating EPL-AEB series of explosion proof enclosure. See dimensional drawing for specific details and bolt hole patterns.
