

RNT-BNC-VGA-XFMR

***RENT* BNC to VGA/HDMI Converter - Upscale to 1920x1080 - Plug and Play - No Drivers Needed**

Product ID: 243405

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

RNT-BNC-VGA-XFMR - BNC to VGA Converter

This unit is for rentals.

The Larson Electronics RNT-BNC-VGA-XFMR BNC to VGA/HDMI Converter offers direct conversion between BNC and VGA/HDMI formats. The unit enables operators to freeze pictures and adjust brightness, contrast, sharpness and saturation. Upscale of low quality images to 1080p is

available for additional clarity. The BNC to VGA converter is a plug and play unit (no drivers required).

The RNT-BNC-VGA-XFMR is designed for seamless conversion across frequently used camera and video formats. This device converts BNC to VGA or HDMI (no VGA to HDMI conversion). Adjustable settings include: brightness, contrast, sharpness and saturation. Operators can freeze pictures for further observation in real-time. For low resolutions, the unit can upscale the quality of the image to 1080p. The BNC to VGA converter is a plug and play device and does not require any drivers to be installed prior to use.

Operators may access (1) BNC and (1) VGA ports on the input side, as well as (1) VGA and (1) HDMI ports on the output side. This device is suitable for use with Larson Electronics EXPCMR-ALG series analog cameras (converter to be installed in non-hazardous/non-flammable locations).

Applications: Converting camera footage, inspections, monitoring, observation, surveying, data gathering and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
