HLP-AEC.EX-20A-3P4W-220V.3P

Hazardous Location Pin and Sleeve Plug - 3 Pole, 4 Wire - 20 Amps, 220V 3PH - ATEX Rated

Product ID: 257523

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

HLP-AEC.EX-20A-3P4W-220V.3P Explosion Proof Plug

Listing: NRTL Listed for ATEX/IECEx Rated Locations
Dimensions: 8.3"H x 3.9"W
Cord O.D.: 0.6" to 1.1"
Weight: -
Voltage: 220V AC, 3PH
Amp Rating: 20A
Compatibility: HLO-AEC.EX-20A-3P4W-220V.3P
Materials: Polyamide
Terminal Capacity: 1 Wire, 14 to 8 AWG

Certifications - Compliance

ATEX/IECEx Rated
Zone 1 and Zone 2
Zone 21 and Zone 22
IP66 Waterproof
NEMA 3, 4, 4X

The Larson Electronics HLP-AEC.EX-20A-3P4W-220V.3P Hazardous Location Pin and Sleeve Plug is an ATEX rated cord cap approved for use in hazardous environments where flammable or explosion gases, vapors, or dusts stand the potential to exist and where flammable dusts, fibers, or flyings exist. Compatible with three-phase 220V AC, this 3-pole, 4-wire plug is designed to provide a secure connection for electrical equipment within the hazardous location.

This hazardous location 3-pole 4-wire pin and sleeve plug is compatible with our

HLO-AEC.EX-20A-3P4W-220V.3P hazardous location power receptacle. This plug is rated for 20 amps and is suitable for Zones 1/2 and Zones 21/22 ATEX/IECEx sites. With NEMA Type 3, 4, 4x and IP66 ratings, this plug is suitable for outdoor, marine and wet locations. The hazardous location plug features polyamide construction and operates on three-phase 220V AC. This plug is coded blue to indicate its voltage rating. The color coding of these units makes it impossible to connect different voltages and current ratings, to ensure safe power connection.
Applications: Manufacturing, industrial, warehouse, lighting, power distribution, wet areas or locations where combustible dusts, fibers or flying are present or where explosive gases or vapors may be present.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
