HALSS-URN-250WHPS-RS

250W Hazardous Location Stainless Steel High Pressure Sodium Fixture - C1D2 - 29,000 lms - Instant Restrike

Product ID: 257557

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

HALSS-URN-250WHPS-RS Hazardous Location High Pressure Sodium
Listing: NRTL Listed for United States and Canada
Lamp Technology: High Pressure Sodium
Dimensions: -
Weight: 29.7 lbs
Voltage: Multi-Tap -120, 208, 240 and 277 Volts
Total Watts: 250W
Total Lumens: 29,000 lms
Luminous Efficacy: 90 Lm/W
Lamp Life: -
Color Temp: -
Color Rendering Index: -
Lamp Type: -
Lamp Base: -
Replacement Lamp: -
Beam Angle: -
Lighting Configuration: Flood
Power Efficiency: -
Power Factor: -
Ballast: Instant Restrike/Multi-Tap
Temp Rating: -
Ambient Operating Temp Range: -
Housing Material: Stainless Steel

Ratings
Class I, Division 2 Groups A,B,C,D
IP65/IP66
Bulb Not Included

The Larson Electronics HALSS-URN-250WHPS-RS Hazardous Location High Pressure Sodium Light is capable of illuminating hazardous locations and industrial sites. This 250-watt fixture offers 29,000 lumens of white light during use. The light is protected by a stainless steel housing.

The HALSS-URN-250WHPS-RS is approved for use in wet marine locations and is ideal for industrial applications, confined spaces, hazardous locations and areas where a powerful and durable floodlighting solution is needed. This 250-watt light produces 29,000 lumens of output. During use, the unit provides a wide flood pattern for comprehensive illumination. The instant restrike ballast is protected within the weatherproof housing and has primary electrical taps for 120V, 208V, 240V, and 277V.

The optical assembly includes heat/impact-resistant tempered door glass with a stainless steel door frame and heavy duty, high temperature silicone rubber seal. The lamp socket is a specification grade mogul base porcelain unit with heavy gauge brass, a nickel-plated screw shell and spring-loaded center contact. Bulb is not included with with this fixture. This lamp is suitable for use in areas where flammable petrochemical vapors are sometimes present.

Wiring: Wiring is through a convenient 3/4" NPT conduit entrance. Wiring methods must comply with NFPA 70 (The National Electrical Code).

Mounting: Mounting is via an adjustable stainless steel trunnion bracket that allows the fixture to be attached to walls or ceilings and provides secure adjustment and positioning. All hardware on this unit is corrosion resistant stainless steel making it resistant to rain, snow, salt water and corrosive chemicals.

Suggested applications: Shipyards, boat yards, plants, tanks, vessels, fuel cells, barges and oil field applications.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
