

EPR-50-18.6-HR

Explosion Proof Cord Reel - Class I, II, III - 50' 18/6 SOOW Cord

Product ID: 261143

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The Larson Electronics EPR-50-18.6-HR is an Explosion Proof Reel for use in combustible work sites. This explosion proof power accessory is ideal for petroleum facilities, waste water treatment plants, grain storage and handling silos, paint booths, underground mines, chemical plants and much more. Operators may access 50 feet of 18/6 SOOW cord on the manual crank reel.

*****PLEASE NOTE: ANY FREE SHIPPING OFFERS DO NOT APPLY TO THIS
HAZARDOUS LOCATION LIGHT FIXTURE*****

This unit includes 50 feet of 18/6 SOOW cord and is ready for installing a portable explosion proof fixture to the end. Designed for rough environments, these reels are built with modular components, coupled with a spark proof ratchet and hazardous location slip ring housing. The power accessory is constructed of fabricated steel and cast aluminum, with a gray epoxy finish. Larson Electronics offers a wide variety of lighting solutions to accommodate this reel.
