EPJ-2-ALU-TB.3

Explosion Proof Junction Box - 2-Port Junction Box - TB - Powder Coating

Product ID: 265389

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EPJ-2-ALU-TB.3 Explosion Proof Junction Box
Listing: NRTL Listed for United States, Canada
Dimensions: 4.5" x 6.25" x 6"
Cover Opening: 2 11/16”
Weight: 1.83 lbs
Volume: 19 cu. in.
Ports: (2)
Temperature Rating: T6
Material: Copper-free Aluminum
Finish: Electrostatically Applied Powder Coating
Terminal Block: 3-port
Hub Size: 3/4" NPT

Ratings
Class I, Divisions 1 & 2 Group C, D
Class 1, Zone 1 IIB, IIA
Class II, Divisions 1 & 2 Group E, F, G
Class III
Type 4/4X

The Larson Electronics EPJ-2-ALU-TB.3 Explosion Proof Junction Box is designed for use in Class I, II and III rated facilities. This device contains two ports and copper-free aluminum construction with 3/4" NPT hubs. An electrostatically applied powder coating helps the junction box withstand corrosive substances during use.
The EPJ-2-ALU-TB.3 provides protection for conduits and access to electrical components in combustible locations. This 2-port unit carries a T6 temperature rating and offers 19 cubic inches of volume. Equipped with a 3-port terminal block, the junction box is constructed of copper-free aluminum with an electrostatically applied powder coating for resistance to corrosion and rugged outdoor elements. This Type 4/4X unit is offered with 3/4" NPT threaded hubs.

Suggested Applications: Manufacturing, Industrial, Warehouse, Lighting, Lighting, Wet areas or Locations Where Combustible Dust is Present.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
