EXC-20-10.3-30A-6.30P-BCE

20' 10/3 SOOW Extension Power Cord - 250V - 30A Rated, Outdoor Rated - 6-30P, Blunt Cut End

Product ID: 265831

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-20-10.3-30A-6.30P-BCE - 20' 10/3 SOOW 30A Extension Cord

Male Cord Cap: 30 A 6-30P [250 V]
Secondary Termination: Blunt Cut End
Voltage Rating: 250 V
Max Amp Rating: 30 A
Cable Type: 10/3 SOOW
Cable Length: 20'
Weight: 8.53 lb

The EXC-20-10.3-30A-6.30P-BCE from Larson Electronics is a 20 foot 10/3 SOOW Extension Power Cord that is designed for heavy duty and outdoor applications. This rugged extension cord is constructed of 10-gauge 3-conductor wire, equipped with a 30-amp rated male straight blade cord cap and a blunt cut end for hard wiring, and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-20-10.3-30A-6.30P-BCE provides a safe and effective way for operators to extend power to a variety of devices for plant maintenance, power generators, construction and other temporary applications. This unit operates on 250 V AC and features a 20-foot 10/3 SOOW cord with a 30-amp rating. The input side of the extension cord contains a 30-amp 250V 6-30P male straight blade cord cap and

the output side is equipped with a blunt cut end for hard wiring.
Applications: This accessory is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.
Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
