ATEX-EPF-EGS-14

14" Exhaust Gravity Air Louver for 12" Fans, ATEX-EPF-LPSM-12 series

Product ID: 266604

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

14" Exhaust Gravity Air Louver for 12" Fans
This gravity damper wall shutter is designed for 12" fans and installment in horizontal fan exhaust applications and requires air pressure and air flow to open. This unit has a max velocity of 2000 fpm. The frame and tie rods are constructed of G-90 galvanized steel, and the blades are made of mill finished aluminum. The shutter frame measures 2-1/4" in depth with an open depth of 6-1/4". The shutter overall square measures 23" and is compatible with Larson Electronics EPF-LPSM and EPF-HPSM series explosion proof fans.
