GPF-AES-16X16-1227

Motorized Louvers for 16" Fan - 100-240V, 50/60Hz - Galvanized Steel

Product ID: 266945

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

GPF-AES-16X16-1227 - Industrial Shutter

Unit Type: Motorized Louvers
Opening Required: 17"
Flange Width: 1 1/2"
Fan Diameter: 16"
Frame Less Flange: 16" sq. in.
Overall Square: 19"
Weight: -
Voltage: 100-240V, 50/60Hz
Panels: 1
Free Area: 1.750 sq ft
Operation: Power Open, Spring Return
Materials: Galvanized Steel
Mount Position: Horizontal or Vertical
Motor Bracket Extension: 6/ 7/8"

The Larson Electronics GPF-AES-16X16-1227 Industrial Shutter offers a sustainable way to reduce heating and cooling costs, achieving optimal indoor climate control. These louvers help usher fresh air in and stale air out. Open/close operation is achieved via a 100-240V motor. This unit is made out of galvanized steel.

The GPF-AES-16X16-1227 is a heavy-duty motorized shutter with power open,

spring return operation. This unit operates on 100-240V, 50/60Hz. Suitable for single panels, the motorized louvers require a 17" opening and is recommended for 16" diameter fans. The shutters are constructed of galvanized steel. This unit can be mounted in horizontal or vertical positions and has a 6 7/8" motor bracket extension.

Applications: industrial buildings, fans, commercial sites, warehouses, manufacturing and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
