IND-48-2L-BL-NL-T8HO

Industrial Stainless Steel Fluorescent Light Fixture - No Lens - Corrosion Resistant - NO Lamps Included

Product ID: 267308

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

This unit is Made In USA - Manufactured in Texas

IND-48-2L-BL-NL-T8HO Industrial T8HO Light Fixture

Type: T8HO Industrial Light Fixture

Dimensions: 54.00"L x 9.50"W x 6.75"H

Weight: 35 lb

Compatible Lamps: (2) 75W T8HO Fluorescent Lamps **(NOT INCLUDED)**

Voltage: 120V-60hz, 220V-50hz, 240V-60hz, 277V-60hz (24V on Request)

Total Lumens: -

Lamp Life Expectancy: -

Efficiency: -

Beam Angle: N/A

Color Temp: -

Mounting: Flange Type Stainless Steel

Wiring Hub: 1/2 inch threaded

Ratings/Approvals

No Glass Lens

***Please note: This is for the fixture only. NO lamps or lens are included.**

The IND-48-2L-BL-NL-T8HO industrial fluorescent light fixture is designed for use in wet areas and saltwater-marine environments where corrosion resistance is critical to equipment longevity and safety. This T8HO fixture is constructed of non-corrosive materials including a stainless steel housing and a poured in gasket for reliable sealing. Corrosion resistant stainless steel latches secure the lamp cover to the housing and provide a firm lock. Operators must provide their own lens for the IND-48-2L-BL-NL-T8HO. No lens is included. This fixture is drip proof with no lens if the fixture is facing downwards.

The IND-48-2L-BL-NL-T8HO is equipped with a T8HO ballast that allows this fixture to accept two operator provided 75 watt T8HO lamps. ***NO lamps are included with this fixture.***

Standard Flange Brackets: Stainless steel bracket mounts attached at each end of the fixture enables it to be simply secured to any surface. The mounts provide flexibility in setting the angle of the fixture. Three through holes provide sufficient mounting for any environment.

Suggested Applications: The IND-48-2L-BL-NL-T8HO is designed for where corrosion resistant fluorescent lights are required. This lamp is also ideal for locations where heavy vibratory conditions are present. This includes petrochemical facilities, lubrication pits, oil drilling rigs, crew quarters, solvent/cleaning areas, water treatment areas, processing plants, and loading docks.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
