12 inch HVAC Polycarbonate Viewing Portal - Eye Safe Looking Glass for UV HVAC Installations

Product ID: 269250

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

This unit is Made In USA - Manufactured in Texas

12 inch HVAC Polycarbonate Viewing Portal - Eye Safe Looking Glass for UV HVAC Installations
Measures 12" x 12". Includes (4) thru-holes and (4) sheet metal screws for installing viewing portal into existing HVAC ducts or enclosures. Polycarbonate blocks dangerous UVC rays, providing an eye safe and skin safe solution for looking into HVAC systems with UV lights installed to check if they are operational and/or if a lamp needs replaced. Gasket or sealing may be needed during installation and is not included.
