

EXC-100-CMLK-150A-16S-FCL-2.4.TW-4XCK-MCL

Camlock Adaptor Cable - 150A Continuous - 100' 2/4 Type W Cable - Male Camlocks

Product ID: 270811

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

The Larson Electronics EXC-100-CMLK-150A-16S-FCL-2.4.TW-4XCK-MCL Camlock Adaptor Cable allows operators to make 16 series camlock connections to a wide range of power sources, including power distribution panels and generators. The 150-amp continuous rated camlock cable is equipped with four female camlocks on one end and is terminated with male camlocks.

The EXC-100-CMLK-150A-16S-FCL-2.4.TW-4XCK-MCL is a camlock adaptor cable for completing power connections to panels, generators and powering camlock equipment. This unit, which is rated for 150 amps continuous, consists of four female 16 series camlocks: black, red, white, and green. The 2/4 Type W cable measures 100 feet.

Applications: Electrical connections, power distribution panels, generators,

connection to power sources, powering camlock devices, and more.
