**PDU-NFMDS-SS-600V-3P-20A**

# 20 Amp Non-Fused Manual AC Disconnect Safety Switch - 600V AC, 3-Pole - 316 Stainless Steel

**Product ID: 271254**

**Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).**

**Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.**

**PDU-NFMDS-SS-600V-3P-20A Non-Fused AC Disconnect Switch**
**Unit Type: Non-Fused Manual AC Disconnect Switch**
**Dimensions: 5.41"L x 4.87"W x 9.13"H**
**Weight: -**
**Voltage: 600V**
**Max Amp Rating: 20 Amps**
**HP: 15 HP**
**Disconnect Type: Non-Fused**
**Poles: 3P**
**Contacts: (2) Auxiliary**
**Operating Temperature: -40°C to 75°C**
**Materials: 316 Stainless Steel**
**Mount: Din Rail Mount**

Larson Electronics manufacture a wide variety of custom power distribution systems. The pictures displayed for this unit are a general representation of form factor and may not accurately represent this exact configuration in every detail due to being custom builds. The specifics for this configuration are listed in the specification table and one-line diagram.

**Ratings/Features:**
NSF Certified
NEMA 4X Enclosure
UV Stabilized Materials

**The PDU-NFMDS-SS-600V-3P-20A is an AC Disconnect Switch that is an accessory for power distribution systems. This 20-amp power distribution accessory acts as an overload breaker and comes with a 600V voltage rating. The non-fused unit is constructed of stainless steel and UV stabilized materials.**

The PDU-NFMDS-SS-600V-3P-20A is a non-fused AC disconnect switch that is rated for 20 amps. This 15 HP power distribution accessory has a 3-pole

configuration along with a 600V AC voltage rating. A red handle is used to engage the non-fused disconnect, which can be locked in its OFF position to prevent tampering. The cover cannot be removed when the handle is in the ON position. The PDU-NFMDS-SS-600V-3P-20A is constructed of 316 stainless steel with a neoprene gasket. Suitable for outdoor locations, the unit`s enclosure is rated Type 4X and is suitable for NSF compliance. All of the materials are UV stabilized for durability. This non-fused disconnect supports din rail mounting configurations for space-saving installations.

**Applications:** Industrial and light commercial applications, air conditioning units, food processing and any other power distribution systems that require overload breaker protection.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
