

IND-CS-SS-M6

Industrial Remote Temperature Control Box - 3A Circuit Breaker

Product ID: 271807

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

IND-CS-SS-M6 Industrial Remote Temperature Control Box

Listing: -

Dimensions: 20" x 20" x 8"

Weight: -

Voltage: -

System Label: AC Remote Control Panel

Display Type: LCD Touch Screen

Screen Size: 10.4"

Control Type: Temperature, Fan Speed and Airflow Configurations

Circuit Breaker: 3A

Materials: Stainless Steel

Mount: Wall Mount

Wiring: Terminal Blocks

Ratings

NRTL Listed to UL 508A

NRTL Listed to CSA C22.2 No. 14

The IND-CS-SS-M6 from Larson Electronics is an Industrial Stainless Steel Remote Temperature Control Box that offers several control options for connected systems. This unit is recommended for controlling temperature, fan speed and airflow settings. The device is constructed of stainless steel and is compatible with wall mounting requirements.

The IND-CS-SS-M6 is recommended for use in industrial sites and facilities. This unit features an LCD touch screen for implementing controls and settings.

Equipped with a 3-amp circuit breaker, the device can be used to control temperatures, fan speeds and airflow configurations. The heavy-duty unit is constructed of stainless steel. Stainless steel control stations in this series can be customized with the following components: panel ID (316 stainless steel), tamperproof latches, key latches, copper ground/earth bars, hubs (quantity/location), glands, backplates, terminals and more.

Wiring: Terminal blocks inside the device are available for completing wiring connections.

Mounting: The IND-CS-SS-M6 is compatible with wall mount installations. At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
