EXC-15-GFCI-15A

15' SOOW Linecord with GFCI Protected Outlets - 15 Amp Max Rated - Outdoor Rated

Product ID: 276987

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-15-GFCI-15A - 15' GFCI Protected Linecord

Male Cord Cap: 5-15P

Female Receptacles: Duplex 5-15R

Voltage Rating: 120 V

Max Amp Rating: 15A

Cable Type: 16/3 SOOW

Cable Length: 15'

Weight: 6 lb

Made in the USA

The EXC-15-GFCI-15A from Larson Electronics is a 15 SOOW Linecord with GFCI Duplex Outlet that is designed for heavy duty and outdoor applications. This rugged extension cord is constructed of 16-gauge 3-conductor wire, equipped with a 15-amp rated 5-15 male cord cap, a 5-15 GFCI protected duplex outlet with weatherproof cover, and allows operators to provide ground fault protection in remote locations.

The EXC-15-GFCI-15A linecord provides a safe and effective way for operators to extend 120V and power a variety of devices for plant maintenance, power generators, construction and other temporary applications. 15 feet of chemical and abrasion resistant flexible 16/3 SOOW cord terminated in male NEMA 5-15, 15 amp rated, outdoor approved cord cap. A weatherproof GFCI duplex allows up to two devices with a combined 15 amp maximum to allow ground fault protection from receptacles that do not provide GFCI protection.

Applications: This GFCI protected linecord system is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
