

MTPC-XX-RB-SP1105-M1

Replacement Capacitor-Capacitor Connection Cable

Product ID: 277994

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Replacement Capacitor-Capacitor Connection Cable. This cable is used for connecting capacitors together. Cable has ends terminated in female spade terminals for connecting to spade connector on top of capacitors. Price is per cable. Please choose color of cable jacket at time of ordering.
