Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Upper Mounting Bracket T head for existing ALU-TP-58-PHRT aluminum towers. This upper mounting bracket mounts via the 1.9" ID round mount to allow sliding over the existing 1.9" OD round mount on ALU-TP-58-PHRT quadpod. This aluminum T head mounting bracket measures 24" in length and constructed of 2" x 2" aluminum tubing. This allows operators to mount lights, cameras, or other equipment onto existing quadpod towers.
