IND-CR-SS-12.3-15-250V-L6.20C

Stainless Steel Cord Reel w/ Receptacle - 250V, 20A - Medical Grade - 15 Feet - 304L SS - Twist Lock 250V NEMA L6-20C

Product ID: 287380

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

IND-CR-SS-12.3-15-250V-L6.20C Medical Grade Cord Reel
Unit Type: Stainless Steel Cord Reel with Receptacle
Dimensions: 13.5" x 14.5" x 10.5"
Weight: 30 lb
Voltage: 250V
Amps: 20A
Reel Mechanism: Cam Latching
Materials: 304L Stainless Steel
Mounting: Surface via (4) Mounting Holes
Wiring: 15' SJTO 12 AWG, 4-5' Pigtail
Receptacle: Twist Lock 250V NEMA L6-20C

Ratings/Approvals
Medical Grade
Corrosion Resistant
Multi-positional Guide Arm/Cord Stop
NEMA 4

Made in the USA

The IND-CR-SS-12.3-15-250V-L6.20C from Larson Electronics is a Stainless Steel Cord Reel w/ Receptacle that is designed for extending electrical connections in locations where high sanitation standards are required. This 20-amp accessory comes with one twist lock 250V NEMA L6-20C connector and utilizes a cam-latching system for quiet operation. Constructed of 304L stainless steel, the medical grade cord reel offers superior resistance to corrosive elements.

The IND-CR-SS-12.3-15-250V-L6.20C is designed for extending electrical connections in locations with strict sanitation requirements, such as hospitals and

food processing facilities. This unit comes with a 15-foot SJTO cord and one twist lock 250V NEMA L6-20C connector. The 20-amp cord reel also features a 4-5' pigtail and a multi-positional guide arm for support during use. A cam latching system ensures quiet operation at all times.

This cord reel is constructed of 304L stainless steel for rugged protection and corrosion resistance. The medical grade unit weighs 30 lb.

Applications: Hospitals, food processing, wash down, medical centers, laboratories, clean rooms, sanitation, semiconductor plants, completing electrical connections, industrial facilities, general work sites, warehouses, construction, commercial spaces, and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
