HID-A1870-S

35 Watt HID Equipment Light -HID-A1870-S - 3200 Lumens - black - Internal Ballast - spot pattern

Product ID: 292

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

High Intensity Discharge Equipment Light - 5X7 inch lens - black - spot pattern - internal ballast - stud mount

Specifications:

* Ballast & Igniter incorporated into lamp housing for easy installation
* 35W Xenon D2S bulb - 3200 lumens
* Over 50% less energy consumption compared to conventional lighting
* Heavy duty cast aluminum construction with durable chrome & black finish
* Uses common 12VDC or 24VDC power
* Average current draw @12VDC: Start: 4.8 amp, Run: 3.3amp (in under 60 sec)
* Applications include automotive, RV, ATV, motorcycle, marine, emergency service and industrial use
* Swivel bracket design
* Off-Road tested
* Dust and water resistant design
* Weight: 4lb 4oz
* Comes complete with 1 light, ballast, starter and wiring harness

*Spot Beam Pattern (Approximate pattern 2700`L x 100`W)

The mounting stud is 10mm x 1.25 thread and the standard stud is 2 1/2 inch long overall. This is a ball head indexing stud and not a standard bolt.
