TLR-14-M2

Single-axle Equipment Trailer - (4) Outriggers, 18.29'L x 12.29'W Deployed

Product ID: 304992

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

The Larson Electronics TLR-14-M2 Equipment Trailer enables transportation and deployment of systems and equipment in jobsites. The single-axle trailer features four outriggers for stability and two wheels. When fully deployed, the trailer measures 18.29'-L (trailer rear to coupler) x 12.29'-W (outrigger to outrigger).

PLEASE NOTE: ANY FREE SHIPPING OFFERS DO NOT APPLY TO LIGHT MASTS OR LIGHT TOWERS

This trailer from Larson Electronics is designed to allow operators to quickly and safely deploy lighting, cameras and other electrical equipment in work areas. The two-wheel trailer is equipped with leaf springs with 15" trailer tires. A standard 2" ball coupling, two standard safety chains and 4-pin flat trailer plug allow for easy hookup and towing. Four 1,000 lb. hand crank leveling jacks are used for leveling. The jacks can be leveled by hand crank or attachment provided for power drills. These outriggers can be extended out from the side of the trailer for added stability.

The entire assembly is shipped via common freight carrier or flatbed. Larson Electronics can custom tailor these units to customer's requirements.**Suggested Applications:** Temporary lighting, construction sites and security camera deployment.At Larson Electronics, we do more than meet your lighting needs. We

also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
