

MMP-1

MMP-1 Magnetic Mounting Plate

Product ID: 312

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

The MMP-1 Magnetic Mounting Plate from Larson Electronics is a 6.5 inch square plate for permanent and magnetic mounting of Golight Remote Controlled Spotlights or Larson Electronics Magnetic Spotlights.

This plate contains the mounting pattern for Golight Rodioray Spotlights and Golight Stryker Spotlights. This plate contains the mounting for Golight Rodioray Spotlights and Golight Stryker Spotlights. Also, this plate can be mounted to any non-ferrous (fiberglass, etc.) surface so that lights with magnetic bases can be attached to this mounting plate.

*****Special Note: This plate WILL NOT work for permanent mount Strykers. The GL-5XXX and GL-7XXX series shoes will not bolt onto this plate, magnetic mount shoes will still attach to the plate but will not bolt down.**
