MT-5AAC-CTRD-4.20mADC-85.150VAC

0-5 AAC Current Sensor "Transducer" to 4-20 mA DC Output, 85-150V AC Supply

Product ID: 343805

Please see last page for supporting documentation for this product (certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Input Current: 0~5A AC (True RMS)
Output Signal: 4~20mA DC
Supply Voltage: +85-150V AC
Accuracy: ±0.25%

The MT-5AAC-CTRD-4.20mADC-85.150VAC is an AC Current Transducer, 0-5 Amp Input to 4-20 mA DC Output, 85-150V AC Supply.

Applications
Phase fired controlled devices
Quickly varying current loads
Chopped waveform drivers
Harmonic-rich power systems
Variable frequency drives (VFDs)
Motor control circuits
Power monitoring systems
Industrial automation equipment

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 877-413-5324 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
