RNT-EHL-LED-7W-50

*RENTAL*Explosion Proof LED Drop Light - 10 Watt LED - 50,000 Life Hours - 50' Cord -120VAC

Product ID: 47356

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

RNT-EHL-LED-7W-50

UL Listing: United States
Dimensions:L-16.5 " Dia-5"
Lumens: 1050
Total Watts:10 watts

Voltage: 120-277V AC 50/60 Hz
Color Temp: 6000k

Mounting: Aluminum Hook

Wiring: 50` SOOW Cord

Lamp Type:: LED

Rental Type: Monthly, Weekly, Daily

This unit is for rentals

The Larson Electronics RNT-EHL-LED-7W-50 Explosion Proof LED Drop Light / Trouble Light is U.L. approved Class 1 Division 1 & 2 Groups C and D - and is ideal for general work activities in hazardous locations requiring explosion proof protection.

This 10 watt explosion proof LED work light from Larson Electronics produces 1050 lumens of bright white light and comes complete with 50 feet of explosion proof cord. The RNT-EHL-LED-7W-50 LED drop light has no ballast and the housing is constructed of non sparking aluminum which results in a very lightweight unit. This hazardous location hand lamp is Class 1, Division 1 and 2 and Class 2 Division 1 and 2 hazardous location environment approved. This explosion proof LED drop light is ideal for hazardous work areas where a ready source of easily managed lighting is desired.

100 Watt Incandescent Bulb

With the EXP-LED-7W-50

Click Photos to Enlarge

This 10 watt LED drop light is suitable for use in areas where petrochemical vapors and various dusts are present and projects 1050 lumens of light, which is twice the lumens per watt output of a 100 watt incandescent bulb. This unit is rated Class 1, Division 1 and comes complete with 50’ of SOOW 18/3 AWG cord ending in a 5-15 straight blade plug.

This hand lamp has a high efficiency LED bulb that requires no ballast, so the operator doesn`t need to drag the ballast housing around. This can be particularly annoying when the transformer becomes entangled in the cord. This explosion proof LED hand light operates on standard 120-277 Volts AC, 50/60 Hz for US voltages. The light produced by this unit has a 6000k color temperature, which is much sharper and whiter than the light produced by incandescent lamps. The light produced by this lamp is ideal for close work and inspection activities where good contrast and true color representation is needed. The LED lamp in this unit runs much cooler than incandescent or flourescent lamps, resulting in a lamp housing that remains cool to the touch and eliminates the accidental burns often encountered with incandescent drop lights.

Made in USA Quality

1. Chemical and abrasive resistant cord
2. Explosion Proof.
3. 10 Watt 1050 Lumen LED Lamp.
4. Rugged fabricated steel and cast aluminum construction.
5. Red and Gray paint finish.
6. UL Class1 Div1 Class 2 Div1
7. 120 Volt Operation
8. SOOW cable.
9. Aluminum Hook for Convenient Placement.

Lamp Features

10 watt LED light produces 1050 lumens
Non-sparking aluminum housing
50,000 hour LED Lamp
Molded rubber bumper guard
Annealed glass tube shields prevent shattering
Integrated lamp shock absorbers prevent drop damage
Swivel hook for hanging and hands free operation
Explosion proof cord
