

LEDCR-32

LED Flood Light - Compact Rectangular Design - 0.5 Amp Draw - 12 VDC - 500 Lumens

Product ID: 47459

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Small yet powerful LED Flood light. Can be used to illuminate wide areas with pure, white LED light. Produces 6 Watts while drawing only .5 amps. The flood beam angle of emission is equal to 120 degrees. This means that a wider, softer area of illumination will be emitted closer to the fixture rather than several hundred feet away such as it`s spot counterparts.

This LED fixture is IP68 rated and has a life span expectancy of 50,000 hours. This means, when ran all day, every day, it would take almost 6 full years before a problem with the LEDs would occur. The LED flood light is available in either a stud mount or a flush, flat mount. This LED light operates on 12V DC.

Frequently Asked Questions (FAQ)

LEDCR-32

Product ID: 47459

Harmonized System (HS) Code: 9405.41.84.10

Export Control Classification Number (ECCN): EAR99

Options:

LEDCR-32-Light Color

Example: LEDCR-32-WHT

Light Color	
WHITE	-WHT
GREEN	-GRN
RED	-RED
BLUE	-BLU
