

LEDHK-1

Handcuff Key w/ LED Task Light - Keychain

Product ID: 48184

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Handcuff Key w/ 2 LEDs rated at 100,000 hours each. These handcuff keys come standard with lithium batteries to power the LEDs. The lights have a 7.5 hour run-time or 1000's of momentary burts. The key is made of alloy steel and is compatible with most handcuff keys.
