EPL-20W-DBM-117

5" OD Mounting Plate with Hook Attachment for Suspension Mounting the EPL-20W-DBM Tank Light

Product ID: 48236

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

5" OD Mounting Plate with Hook Attachment for Suspension Mounting the EPL-20W-DBM Tank Light
This optional hook mount with 5" OD plate attached to the magnetic base, allowing suspension mounting for operators that wish to hang this light from safety cable or chain. This hook can also be stuck directly into the tank`s wall, or if the tank has lining, operators can drill a hole and use the hook for mounting.
