RNT-EHL-LED-120X12-100

RENTAL Explosion Proof LED Drop Light - Class I, Div. I - 120VAC to 12VDC - 10W LED

Product ID: 48539

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

RNT-EHL-LED-120X12-100

Listing: United States & Canada
Dimensions: L-16.5" Dia-5"
Lumens: 1470
Total Watts:10 watts
Voltage: Stnd-12VDC Inline Step-Down Transformer
Color Temp: 6000k
Mounting: Aluminum Hook
Wiring: 100` SOOW Cord
Lamp Type: LED
Rental Type: Monthly, Weekly, Daily

This 10 watt explosion proof LED work light from Larson Electronics produces 1470 lumens of bright white light and comes complete with 100 feet of explosion proof cord. The EHL-RNT-EHL-LED-120X12-100 LED drop light has no ballast and the housing is constructed of non sparking aluminum, which results in a very lightweight unit. This hazardous location hand lamp is Class 1, Division 1 and 2 and Class 2 Division 1 and 2 hazardous location environment approved. This explosion proof LED drop light is designed to operate with 12VDC current for for low voltage operation.

100 Watt Incandescent Bulb

This 10 watt LED drop light is suitable for use in areas where petrochemical vapors and various dusts are present and projects 1470 lumens of light, which is twice the lumens per watt output of a 100 watt incandescent bulb. This unit is rated Class 1, Division 1 and comes with 100' of SOOW 16/3 AWG cord ending in a 5-15 straight blade plug.
This hand lamp has a high efficiency LED bulb that requires no ballast, so the operator doesn`t need to drag the ballast housing around. This can be particularly annoying when the ballast becomes entangled in the cord. This explosion proof LED hand light operates on 12 Volts DC for for low voltage operations. An included inline transformer allows this unit to plug into a standard outlet and operate from 120-277VAC, then steps the current down to 12VDC for operating the lamp.
The light produced by this unit has a 6000k color temperature, which is much sharper and whiter than the light produced by incandescent lamps. The light produced by this lamp is ideal for close work and inspection activities where good contrast and true color representation is needed. The LED lamp in this unit runs much cooler than incandescent or flourescent lamps, resulting in a lamp housing that remains cool to the touch and eliminates the accidental burns often encountered with incandescent drop lights.

Made in USA Quality

1. Federal Spec Cord.
2. Explosion Proof.
3. 10 Watt 1470 Lumen LED Lamp.
4. Rugged fabricated steel and cast aluminum construction.
5. Blue and Gray paint finish.
6. UL Class1 Div1 Class 2 Div1
7. 120 Volt Operation
8. SOOW cable.
9. Aluminum Hook for Convenient Placement.

Lamp Features

10 watt LED light produces 1470 lumens
Non-sparking aluminum housing
50,000 hour LED Lamp
Molded rubber bumper guard
Annealed glass tube shields prevent shattering
Integrated lamp shock absorbers prevent drop damage
Swivel hook for hanging and hands free operation
Explosion proof cord
