Low Voltage, Cigarette Plug-In - Y-Design - 2 Lights, 1 Power Source

Product ID: 48642

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Low Voltage Cigarette Plug-in - Y-Design - 2 Lights, 1 Power Source.

These cords are made for heavy duty applications such as the Work Area Illumination Trailer Hitch Towers. These cords come with 2 deutsch connectors on one end and a low voltage (12/24VDC) cigarette plug-in on the other. Each cord measures 16 feet in length. Operator has but to connect the plug-in to a cigarette or 12 volt accessory socket to draw current.
