# Amber LED Strobe Light w/ Back & Base Magnetic Mount - 24 LEDs - 4AA Batteries - Strobe & Steady

**Product ID: 49588**

**Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).**

**Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.**

**CS-A-24LED LED Strobing Beacon**

**Lamp Type: LED**
**Dimensions:** 7.25" Wide 3.75" Height 1.75" Depth
**Lamp Weight:** 1 lbs
**Batteries:** (4) AA
**Wiring:** N/A - Battery Powered
**Color:** Amber
**Lighting Configuration:** Strobing Flash
**Mounting:** 70 lbs Grip Magnetic Mount

**Features**

100% Portable
Waterproof / Shock Resistant
Battery Powered
Constant on or Strobe Operation
Compact Housing

**The Larson Electronics CS-A-24LED Magnetic Mount Beacon is battery powered and provides 40 hours of operation on a single set of 4 AA batteries. This LED Beacon is 100% portable and provides a highly effective alternative to beacons that require wiring and permanent mounting hardware.**
This compact LED beacon contains a 24 LED lamp assembly that produces a

brilliant signal that is visible up to 3 miles away. This LED beacon is amber in color and is 100% portable, with a 70 lbs grip magnetic mount and battery operation that allows it to be operated wherever a powerful beacon is needed. The magnetic base can be attached to either the back or the base of the unit, allowing it to be mounted on flat or vertical metal surfaces. With no need for wiring or external power sources, this light is ideal for applications where a signal light is needed on an occasional or temporary basis.

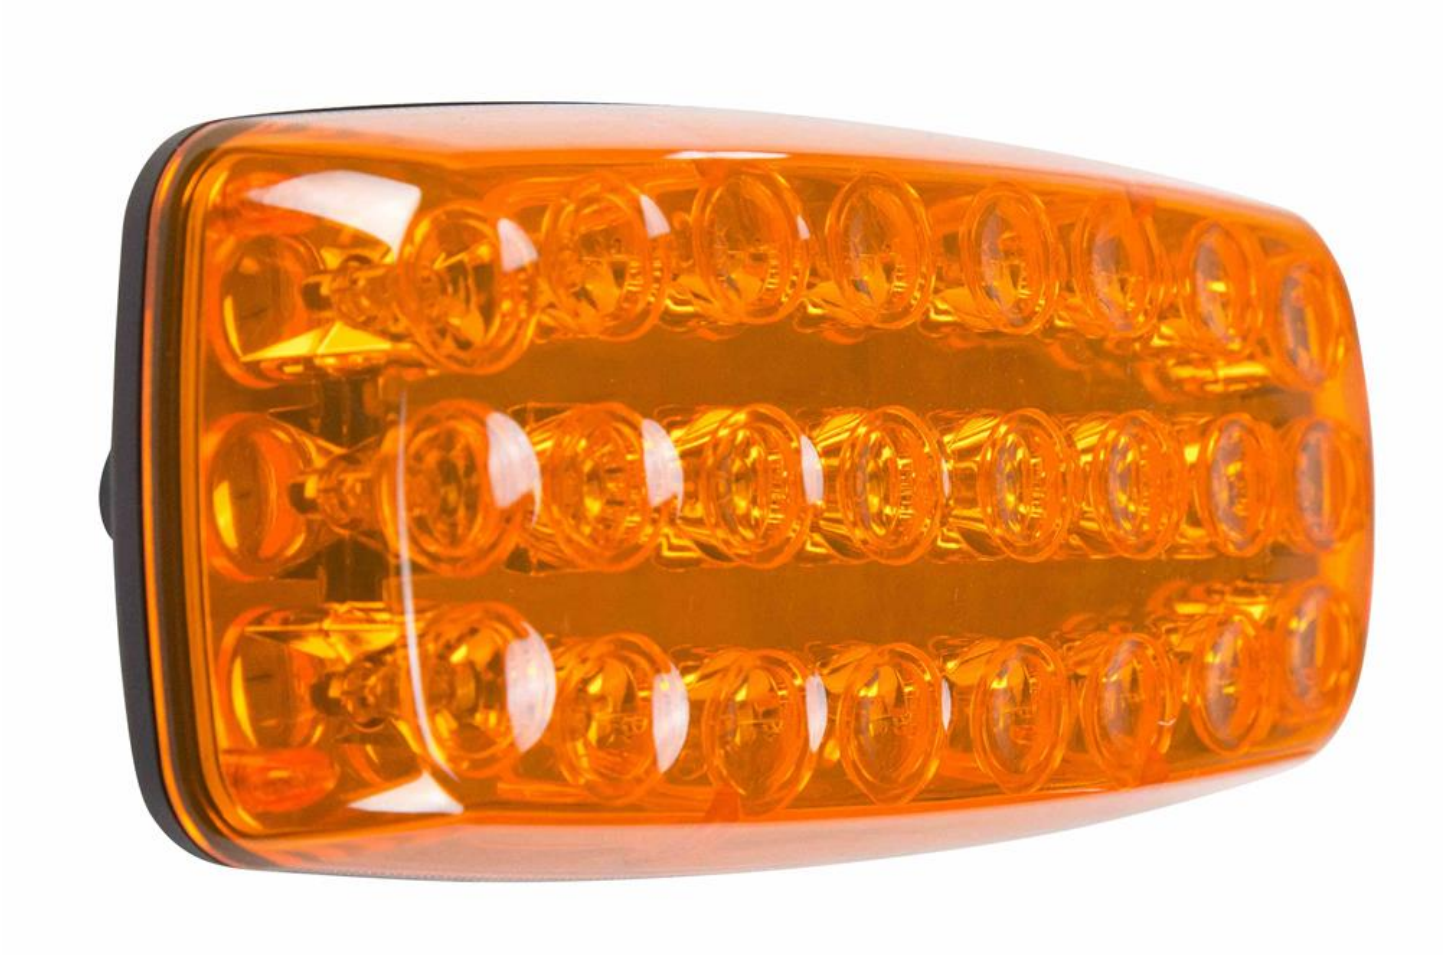

The CS-A-24LED LED beacon is waterproof and resistant to shocks and vibrations. The durable housing and lens is designed to provide high strength and a small size, allowing easy placement in tight spaces. This LED beacon can be operated in either a strobe or constant on mode, with operation controlled by a simple push button located on the back of the unit. Dimensions for this beacon are 7.25 inches long by 3.75 inches high. This strobe flashes once per second, is visible for up to 3 miles, and runs for 40, and up to 120 hours, on a single set of 4 AA batteries. The durability, portability and high power of this LED beacon make it ideal for towing, forklifts, cranes, trailers, security, warehouses, and anywhere a fast and simple beacon solution with plenty of power is needed.
