Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Camouflage your LED spotlight or LED floodlight.

You need to purchase a Larson Electronics LED with this upgrade kit in order to get a Camouflage LED Spotlight. Larson Electronics LLC (www.larsonelectronics.com) will powder coat your LED spotlight a camouflage color scheme such as the model shown below.

Alternatively, you can ship us your existing LED spotlight as well. There will be a shipping charge to return the light to you. You can purchase this camouflage upgrade and ship the light to us at:
