

ATX-CSA

ATX-CS Charging Stand

Product ID: 50498

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

#000000Flashlight Battery Charging Stand for ATX series explosion proof flashlights.

#000000This independent charging stand enables the user to place the battery in a separate stand, connect the stand to the AC or DC charger. The stand supports the battery and is shown in use in the picture. The stand does not include the charger or battery shown in the picture.
