Covert Infrared Blackout Cover for Roof Mount and Post Mount Lights

Product ID: 632

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Covert infrared blackout lens cover for post mount and roof mount lights
Machined aluminum cover with removable infrared lens and protective Lexan protective lens.
Fits all post mount and roof mount lights. This blackout cover fits all Unity mount and roof mount lights.
Infrared lens is coated borosilicate with 850nm cut off. All visible light is blocked and 93% of infrared light energy passes. Night vision goggles are required to make use of this cover.
