

ATX-20-114

Aluminum Mounting Bracket for ATX-20 Explosion Proof HID Flashlights

Product ID: 70967

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Aluminum Mounting Bracket for ATX-20 series Explosion Proof HID Flashlights

This aluminum bracket allows operators to securely holster the ATX-20 series explosion proof HID flashlight to any flat surface. Two predrilled holes on the back board allows easy mounting. Once the bracket is mounted, the light slips into the bracket for storage. The light is removed by pulling the flashlight up and out of the bracket.
