

Explosion Proof Traffic Light - Class 1 & Class 2 Signal Stack Light - Colored Lamps

Part #: EPL-TL-4X10W-C

**Made in the USA**

The EPL-TL-4X10W-C Class 1, Division 1 and Class 2 Division 1 LED Traffic Light from Larson Electronics is also approved for use in wet locations and marine environments. This waterproof LED equipped light is designed for routing traffic in industrial refueling stations and process status indication in manufacturing facilities.

*****PLEASE NOTE: ANY FREE SHIPPING OFFERS DO NOT APPLY TO THIS HAZARDOUS LOCATION LIGHT FIXTURE*****

The EPL-TL-4X10W-C explosion proof LED stack light is an ideal indicator lighting solution for industrial refueling stations and manufacturing facilities. The light housings are constructed with a polyester powder coated, copper free aluminum casting, that can withstand 1490 pounds PSI hydrostatic pressure. The mounting plate is also made from aluminum and can be custom built to customer specifications. This four color explosion proof indicator light has a 50,000 hour operational life and is available in 120-277 VAC and 12 or 24 VDC or VAC configurations for standard or low voltage operation.

This explosion proof LED light carries a T3C temperature rating and has a -40C to 85C operating temp range. The EPL-TL-4X10W-C is Class 1, Class 2, Class 3, Division 1 approved. Power is provided by individual conductors to allow independent operation of each lamp, making this unit ideal for fuel depots and manufacturing facilities where status indicators are necessary.

This explosion proof fixture is configured for blue, red, yellow, and green output (one lamp each color) offers exceptional lumen output, a 50,000+ hour life span, and the lamps are protected by Pyrex globes and cast aluminum globe guards for added durability. The LED lamps in this stack light are 10 watts each and offer cool operation and clean, bright output that surpasses that of 100 watt incandescent indicator lamps. Mounting is provided by a heavy gauge aluminum base with four predrilled holes designed to be bolted to walls and flat surfaces for permanent and secure attachment.

Note on Lights: Please note, the color choices and light configuration of this unit can be customized to your requirements. We offer steady burn or strobing LED lamps, as well as high or low voltage configurations. Please contact us for special color configurations.

Voltages: 120-277VAC 50/60Hz or 12 or 24VDC

Temp Code: Class 1 T3C, Class 2 - T3

Specifications / Additional Information

EPL-TL-4X10W-C

Lamp Type: LED

Colors: Blue, Red, Yellow, and Green - White, Green, Yellow, Red - or custom color

Watts: 10 Watts Per Lamp - 40W Total

Voltage: 120-277 Volts AC, 12 or 24V AC or DC

Lighting Configuration: Steady Burn

Mounting: Ceiling, Wall, Flat Surface

Temp Rating: T3C

Wiring: Four Cords

Lamp Life: 50,000+ Hours

Mounting: Predrilled Aluminum Base

U.L. Ratings

United States & Canada

Class 1, Division 1 Groups C and D

Class 2, Division 1 Groups E and F

Class 3, Groups E, F and G

IP67 (water proof)

T3C Temperature Rating

New York City Department of Buildings approved
