Product ID: 816

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

LED headlights are hands free flashlights. LED headlights offer long battery life and comfortable positioning on the head. Most LED headlights are used as a short range flood light for in close work. Popular with linesman, utility workers, construction workers, electricians and military personnel, LED lights are an ideal option when you need both hands to focus on your work.

1 Watt Luxeon LED headlight produces 45 Lumens of light output

Multifunctional: Contains Luxeon 1 Watt LED

Aluminum construction

Easy to take on and off head with simple elastic straps. Foam support on the back of headlight makes for a comfortable fit.

Headlight has adjustable positions. A single finger can move position and the headlight holds desired position.

3AAA Energizer batteries not included

Product Specifications

Weight: 0.36 lb.
