HALP-TBS-LED

T8 G13 Prong Tombstone for HALP Series LED Fixtures

Product ID: 105962

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

This tombstone attaches to the 2 prongs on either side of our 2 foot or 4 foot LED tubes. This particular tombstone is made primarily for the T8 bulb style. This works with our HALP series LED fixtures.
