

LED-ILS-5X1

Inline Switch - On/Off Toggle Switch for LED Lights - AC or DC - 5ft Input - 1ft Output

Product ID: 147470

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Inline On/Off Toggle Switch for LED Lights - AC or DC - For Larson Electronics LED Lights
This toggle switch is installed in between the light and the power source, allowing operators to quickly and easily power their LED lights on or off. Two predrilled holes on each side of the switch allow for permanent flat surface mounting. The 5ft input wiring whip is offer with a female two pin Deutsch connector, battery clamps, or ring terminals termination. The 1ft output wiring whip is terminated in a male water tight two pin Deustch connector.
