XLE-PA-IP67-309.NA-3PH-60A-250V-3P4W-RB

60-amp 360R9W Receptacle - 250V AC 3PH - 3P4W - Non-metallic Back Box - IP67

Product ID: 149763

Image: XLE-PA-IP67-309.NA-3PH-60A-250V-3P4W-RB

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Specifications/Additional Information

The Larson Electronics XLE-PA-IP67-309.NA-3PH-60A-250V-3P4W-RReceptacle is suitable for facilitating electrical connections in industrial buildings. This 60-amp unit is compatible with 250V AC three phase. Constructed of toughened nylon, polycarbonate and stainless steel, the receptacle is protected by a non-metallic back box cover.

The XLE-PA-IP67-309.NA-3PH-60A-250V-3P4W-Ris a rugged receptacle for power connections in industrial facilities and plants. Rated at 60 amps, the unit is compatible with 250V AC and supports a 4-wire, 3-pole configuration. This receptacle features a non-metallic back box cover, which is designed to provide operators with generous wiring room. The back

box comes with a 1.25" hub and is designed to resist abrasive chemicals and UV rays.

The receptacle is constructed of high-grade materials for reliable operation in rugged work sites. The housing, cover arm and terminal cover are made out of toughened nylon. The cover spring, mounting screws and assembly screws utilize stainless steel, while the ground sleeves and hinge pins are constructed of brass. The receptacle features an IP67 rating for waterproof protection.

Suggested Applications: Completing power connections, outdoor work sites, industrial facilities, marine locations, warehouses and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories.
