Product ID: 149903

Image: WAL-RSL-STRP-VNC.STL

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The WAL-RSL-STRP-VNC.STL from Larson Electronics is a loom clamp that allows operators to securely attach their own rope lights to various surfaces. This loom clamp is constructed of vinyl coated steel, firmly holding the rope in place while protecting the rope light from being damaged, and acting as a cushion to further reduce vibration. This steel loom clamp features a vinyl coated thru hole, allowing operators to permanently mount. The WAL-RSL-STRP-VNC.STL clamp is a durable, easy mount option, ideal for mounting rope lights to exteriors, signs, or other perimeters. This clamp mount is compatible with Larson Electronics' WAL-RSL series rope lights.

***Please note that no light fixture is included with this unit. Clamps sold separately,**
